Summary

I am a fourth-year student pursuing a degree in Computer Science and Engineering. My core proficiencies include Web Development (HTML, CSS, JavaScript), Python, and Data Structures & Algorithms. I have acquired experience in frontend development and managing communities. I am currently seeking Software Developer positions to utilize my technical expertise and passion for coding. I am committed to delivering high-quality solutions. I believe that my extensive knowledge and practical experience in this field make me a strong contender for this role.
